LIVING WITH DEMENTIA PROGRAM

ROPES CROSSING

The Living with Dementia program is a national initiative of Dementia Australia and is funded by the Australian Government.

This education and support program aims to maximise the health and well-being of people living with early stage dementia, and their carers.

Would you like a better understanding of what is happening to you and be able to talk to others going through a similar experience?

In a group format, participants have the opportunity to:

- Tell their story of memory loss
- Reflect on the impact of their diagnosis
- Develop an understanding of the importance of self-care
- Enhance their skills for communication with others, and for problem-solving
- Extend their knowledge about legal and financial issues

THIS PROGRAM IS FREE OF CHARGE

- It runs for 7 weeks on the same day each week
- Each session runs for 2 hours
- Light refreshments are included at no charge
