

VIEWS ON AGEING

Are you caring for a person living with dementia?
We would love to hear from you!

VIEWS ON AGEING IN CARERS AND NON-CARERS OF PEOPLE LIVING WITH DEMENTIA

Negative views on ageing (e.g., believing that older age means poor memory and being lonely) are bad for our own health. They increase the risk of mental and physical health conditions, cognitive decline, and even mortality. We are interested in how informal/unpaid primary carers of people with dementia, and non-carers view older people in general and how they view their own ageing.

Study participants will complete a 30-40 minute online questionnaire.

WHO ARE WE LOOKING FOR? WE WOULD LIKE YOU TO TAKE PART IF YOU:

- 1 Provide unpaid care to a person with a clinical diagnosis of dementia who is living at home (i.e., not in residential care)
- 2 Speak English and live/reside in Australia
- 3 Have access to stable internet connection and a working email account

VIEWS ON AGEING

Have you never cared for a person living with dementia?
We would love to hear from you!

VIEWS ON AGEING IN CARERS AND NON-CARERS OF PEOPLE LIVING WITH DEMENTIA

Negative views on ageing (e.g., believing that older age means poor memory and being lonely) are bad for our own health. They increase the risk of mental and physical health conditions, cognitive decline, and even mortality. We are interested in how informal/unpaid primary carers of people with dementia, and non-carers view older people in general and how they view their own ageing.

Study participants will complete a 15-20 minute online questionnaire.

WHO ARE WE LOOKING FOR? WE WOULD LIKE YOU TO TAKE PART IF YOU:

- 1 Have never provided unpaid or paid care to a person with a clinical diagnosis of dementia nor to an older person with another chronic condition (such as Parkinson's disease)
- 2 Speak English and live/reside in Australia
- 3 Have access to stable internet connection and a working email account
