

PARTICIPANTS NEEDED

Are you caring for someone living with dementia?

You may be eligible to take part in a research study aimed at understanding carer experiences and better supporting carers.

Who can take part?

You can take part if you are a **carer** (family member, friend or relative) providing support, formal or informal care for a person diagnosed with dementia.

What is involved?

Complete short questionnaires on your background, dementia knowledge, mental health and service use.
