Total dementia estimates for years 2018 436,366 | 2028 589,807 | 2058 1,076,129

Dementia Australia (2018). Dementia Prevalence Data 2018-2058, commissioned research undertaken by NATSEM, University of Canberra. These data exclude Gerard Community Council, Maralinga Tjarutja Community Inc, Nepabunna Community Council, Outback Communities Authority and Yalata Community because of very small numbers, Belyuen Community Government Council because of very small numbers and the unique territories of Christmas Island and Cocos Islands, and Cue, Murchison, Sandstone and Upper Gascoyne Local Government Areas because of very small numbers.
